

**SUSTAINABLE BRAINTREE**  
**MAIL-IN MEMBERSHIP FORM**

**Yes!** I want to become a member of Sustainable Braintree!

Please check Membership Level:

\_\_\_\_\_ Individual: \$15                      \_\_\_\_\_ Family: \$30                      \_\_\_\_\_ Corporate \$50

**Name:** \_\_\_\_\_

**Address:** \_\_\_\_\_

**City:** \_\_\_\_\_ **State:** \_\_\_\_\_ **Zip:** \_\_\_\_\_

**Phone:** ( \_\_\_\_\_ ) \_\_\_\_\_

**Email:** \_\_\_\_\_

Check box(es) below to receive Task Force Meeting minutes:

- Energy Task Force** - The Energy Task Force's goals are to promote energy conservation and work cooperatively with local, state, and federal government agencies to encourage the use of renewable energy. The Energy Task Force encourages Cool-Mass "Eco Teams" to reduce Braintree's residential carbon footprint and organizes "Biggest Carbon Loser" events. In a two year period, the Energy Task Force "took watts off the street" by providing 2,000 free, energy-efficient CFL's to Braintree residents in exchange for standard light bulbs.
- Farmers Market Task Force** – The Farmers Market Task Force organizes the Braintree Farmers' Market and educates residents about the importance of sustainable agriculture and food production practices. Purchasing locally grown and produced food conserves energy, promotes a cleaner environment, supports the local economy, and helps family farms stay in business. Most importantly, the food is much fresher!
- Community Garden Task Force** – The Community Garden Task Force organizes the Community Garden at Perkins Park and educates gardeners about organic gardening practices.
- Recycling Task Force** - The Recycling Task force encourages all Braintree residents and businesses to recycle through education and awareness campaigns. Increased citizen participation in Braintree's Single Stream Recycling program will personally save you money in annual trash fees. The Recycling Task Force promotes the use of public recycling receptacles and is raising public awareness (in collaboration with COVANTA) the safe disposal of items that contain mercury (e.g., certain light bulbs, thermostats, and thermometers). It organizes the annual Make a Difference Day, which collects gently used items for re-use by people in need.
- Community Meetings** - Sustainable Braintree organizes community meetings every other month on topics about sustainability such as green building practices, recycling, energy conservation and sustainable agriculture.
- Community Support** – This year, Sustainable Braintree will fund a \$1000 BHS Scholarship and \$3000 in BFFE Environmental Teacher Grants to promote environmental awareness.
- Please add me to the **Sustainable Braintree email list**
- Please add me to the **Sustainable South Shore email list**
- Yes, I would like the opportunity to **join a Task Force Committee**. Please specify from above: \_\_\_\_\_

Please mail with your check or money order, payable to Sustainable Braintree, Inc. to:
